At Helminc.com we only sell manuals written by the manufacturer (Original OEM), that are designed specifically for your vehicle or equipment. Original OEM Manuals are more accurate and complete than any other service information available. OEM Manuals contain thousands of pages of diagnostic and repair information! These are the same manuals your dealer service center uses so you know you're getting the technical information needed to service and maintain your vehicle or equipment. Many OEM Manuals include diagrammed repair and replacement procedures, electrical diagrams and training information. Learn More About Our Publications Service/Shop Manual Price Range: \$50 - \$210 Covers full maintenance and repair procedures for your vehicle or equipment. Also contains electrical information and specifications. Note to vehicle owners: Unless otherwise specified, both gasoline and diesel engines are covered in appropriate year service manual. On-line Bookstore - Service/Shop Manuals Return Supplements Price Range: \$50 - \$120 Covers changes or differences between models or years. A supplement updates some other manual, and must be used with that other manual. On-line Bookstore - Supplements Return Body Manuals Price Range: \$50 - \$120 Covers Body only (outside sheet metal, windows, seats, etc.). Includes information on essential removal, installation, and maintenance procedures.
